

KANEKA

The Dreamology Company

—Make your dreams come true—

We are a company that realizes dreams through science.

Since our founding in 1949, KANEKA has been engaged in the manufacture and sale of a wide range of fields: chemicals, functional plastics, expandable plastics, foodstuffs, pharmaceuticals, medical devices, electrical raw materials and synthetic fibers. KANEKA aims to become a manufacturer that can provide global solutions, responding to the needs of the times as we develop a range of leading materials and technologies.
